

BTTI Courses (Revised: September/2025)

No.	Course Name	Duration	Course Code	Course Fee
01	Basic and Practical Electronics	12 Classes	BPE101	6,000/-
02	Professional PCB Making Course	08Classes	BPM101	6,000/-
03	Power Inverter Manufacturing (IPS)	18 Classes	PIM101	12,500/-
04	Transformer Designing and Manufacturing	08 Classes	T101	4,000/-
05	Off grid Solar Inverter Manufacturing	12Classes	OSIM101	12,000/-
06	Auto. Voltage Stabilizer Design and Manufacturing	12 Classes	AVR101	8,000/-
07	BTTI Certified Electronics Professional	36 Classes	BCEP101	23,500/-
08	Electrical Program			
	Electrical House Wiring	16Classes	EHW101	14,000/-
	Electrical Domestic Wiring (EDW101) 1. Basic Electricity 2. Electrical wiring designing, estimating, costing. 3. Practical Electrical Wiring- Single Phase	48Classes	BET101 BET201 BET301	26,000/-
09	Programmable Logic Controller -PLC with Digital Circuit	18 Classes	PLC102	12,000/-
10	Design, Installation and Maintenance of Access Control & Time Attendance Systems Course	04 Classes	ATS102	9,500/-
11	Electronics Ballast Manufacturing	04 Classes	EB101	6,000/-
12	Electronics Fan Regulator	03 Classes	FR101	4,000/-
13	Micro Controller Course Embedded Systems Design & Implementation	16 Classes	ESD101	9,500/-
14	Off Grid Solar System Design, Installation and Maintenance	16 Classes	OFG101	12,000/-
15	On Grid Solar System Design, Installation and Maintenance	24 Classes	ONG101	22,000/-
16	Solar based product design 01. Solar based color TV or Lighting or Fan	10 Classes	SPD1	4,000/- per project

17	DVD Player Assembling Course (Detail theory on different parts, assembling and trouble shooting)	08 Classes	AC101	6,000/-
18	Making High Capacity Audio Amplifier	06 Classes	HCA101	12,000/-
19	Design, Installation and Maintenance of Intruder Alarm Systems	09 Classes	IAS111	16,500/-
20	Fire Detection and Alarm System Design and Installation (Con.)	12Classes	FASC101	14,000/-
21	Fire Detection and Alarm System Design and Installation (Addr.)	24Classes	FASA101	32,000/-
22	CCTV Installation and Maintenance Course	9 Classes	SCI-101	4,500/-
23	BTTI Certified Office Automation Specialist	48 Classes	OAS101	29,000/-
24	PA System Design and Installation Course	12 Classes	PA-101	18,000/-
25	Central Security Alarm System for Factory (Manual)	08Classes	SAS-101	10,000/-
26	Basic Electronics- Circuits and Projects	Monthly Basis	(BEC201)	2000/- per month
27	Design and Manufacturing Automotive Lead Acid Battery	08 Classes	LAB-101	35,000/-
28	Computer Assembling, Troubleshooting and Basic LAN Design	20 Classes	CATN101	12,000/-

Free WIFI internet access and Free Engineering Data Sever access
Online Training for off campus students
Free practice and free lecture sheet
Industry Standard Professional Training
