

BTTI Courses (Revised: January/2022)

| No. | Course Name | Duration | Course Code | Course Fee |
|-----|---|------------|----------------------------|----------------------------|
| 01 | Basic and Practical Electronics | 12 Classes | BPE101 | 4,500/- |
| 02 | Basic PCB Making Course | 08Classes | BPM101 | 4,000/- |
| 03 | Power Inverter Manufacturing (IPS) | 18 Classes | PIM101 | 7,000/- |
| 04 | Transformer Designing and Manufacturing | 08 Classes | T101 | 4,000/- |
| 05 | Off grid Solar Inverter Manufacturing | 12Classes | OSIM101 | 7,000/- |
| 06 | Auto. Voltage Stabilizer Design and Manufacturing | 12 Classes | AVR101 | 7,000/- |
| 07 | BTTI Certified Electronics Professional | 36 Classes | BCEP101 | 23,500/- |
| 08 | Electrical Program | | | |
| | Electrical House Wiring | 16Classes | EHW101 | 8,000/- |
| | Electrical Domestic Wiring (EDW101) 1. Basic Electricity 2. Electrical wiring designing, estimating, costing. 3. Practical Electrical Wiring- Single Phase | 48Classes | BET101 BET201 BET301 | 16,000/- |
| 09 | Programmable Logic Controller -PLC with Digital Circuit | 18 Classes | PLC102 | 8,000/- 6,000/- |
| 10 | Design, Installation and Maintenance of Access Control & Time Attendance Systems Course | 04 Classes | ATS102 | 9,500/- |
| 11 | Electronics Ballast Manufacturing | 04 Classes | EB101 | 2,000/- |
| 12 | Electronics Fan Regulator | 03 Classes | FR101 | 2,000/- |
| 13 | Micro Controller Course Embedded Systems Design & Implementation | 16 Classes | ESD101 | 7,500/- |
| 14 | Off Grid Solar System Design, Installation and Maintenance | 16 Classes | OGSS101 | 8,000/- |
| 15 | On Grid Solar System Design, Installation and Maintenance | 24 Classes | OGSS102 | 14,000/- |
| 16 | Solar based product design 01. Solar based color TV or Lighting or Fan | 10 Classes | SPD1 | 4,000/- per project |
| | | | | |

| | | | | |
|----|---|------------------|----------|---------------------|
| 17 | DVD Player Assembling Course (Detail theory on different parts, assembling and trouble shooting) | 08 Classes | AC101 | 4,000/- |
| 18 | Making High Capacity Audio Amplifier | 06 Classes | HCA101 | 5,000/- |
| 19 | Design, Installation and Maintenance of Intruder Alarm Systems | 09 Classes | IAS111 | 6,500/- |
| 20 | Fire Detection and Alarm System Design and Installation (Con.) | 12Classes | FASC101 | 14,000/- |
| 21 | Fire Detection and Alarm System Design and Installation (Addr.) | 24Classes | FASA101 | 25,000/- |
| 22 | CCTV Installation and Maintenance Course | 9 Classes | SCI-101 | 4,500/- |
| 23 | BTTI Certified Office Automation Specialist | 48 Classes | OAS101 | 29,000/- |
| 24 | PA System Design and Installation Course | 12 Classes | PA-101 | 15,000/- |
| 25 | Central Security Alarm System for Factory (Manual) | 08Classes | SAS-101 | 10,000/- |
| 26 | Basic Electronics- Circuits and Projects | Monthly Basis | (BEC201) | 2000/- per month |
| 27 | Design and Manufacturing Automotive Lead Acid Battery | 08 Classes | LAB-101 | 15,000/- |
| 28 | Computer Assembling, Troubleshooting and Basic LAN Design | 20 Classes | CATN101 | 7,000/- |
| | | | | |

Free WIFI internet access and Free Engineering Data Sever access
Online Training for off campus students
Free practice and free lecture sheet
Industry Standard Professional Training
